

Angela – Building Well-Being and Community at Iowa

Marketing resources to students

Refurbishing deteriorating facilities

Utilizing existing space in IMU for well-being services

Goals: student engagement, holistic well-being, DEI, Community and Belonging, Staff support

Synergizes with University of Iowa's strategic plan at large

IMU – change to meet needs of students over time, well-being and mental health needs have become more prevalent, demanded

~325,000 sq feet

Various renovations over the years

\$55 million in deferred maintenance from FEMA funds

Estimated replacement cost at \$245 million

Decommissioning of older buildings, such as westlawn

Cost of maintenance outweighs benefit

New construction and addition to CRWC considered, deemed too costly

Repurposing of IMU cost effective and synergetic with existing student services

Consolidation and reduction of operational costs

Iowa House Hotel would be decommissioned

Local hotel in discussion to provide student support

Wellbeing center

Clinical services

Administration

Counseling

Wellness

Food service

Operations and administrative

Dining options

Catering

Retail

IMU and DOS administrations

Dean of Students and support programs

Meeting rooms, ballrooms, multipurpose space

Student centered spaces

Creation of new student fee during construction

- \$240 versus \$200 annually

- 70 million versus 58 million overall budget

- More open floor space and food service renovation available with higher fees

- Modern single user restrooms

- Does not create grad student space

Designing through 2023, construction 2024-2025, finished by fall 2025, 100 years after first construction of IMU

Minimal impact on existing services during construction

Cultural Centers

- Separate, but related project, not funded by new student fee

- Relocation to Hubbard park

- Preservation of green spaces

- Legacy cultural houses around perimeter

- Larger building for programming space

- Ability to grow, add new affinity group spaces

- No existing plan for existing houses

  - Potential for repurposing into professional student space

Graduate and Professional student space

- Renovation of old art building

Student input and committees will be formed later in process

Renovation of parking garage with skywalk

- Decommissioning of Halsey Hall and expansion of parking lot

Embedded programs will continue

Parallels permanent capital improvement student fees at other BIG10 Universities

## President Updates

- Board of Regents Meeting Sept. 15 (talked about a lot of things like campus employment, incentives to keep students here in the state of Iowa after graduation, and mental health. Minutes after our meeting ended the BoR added \$1 million for mental health services to be split among ISU, UNI, and UI.
- Alumni Leadership Council Meeting (confidential - expanding philanthropy, mentorship, etc.)
- Grad Student Employment Standards Meeting (one stop shop website)
- Conversations about how to include UIPDA (post docs) in the shared governance model
- Shared governance meetings (with Faculty Senate and Staff Council - discussed presidential charter committees)
- Conversations about first generation students in grad and professional programs with Angie Lamb and Tanya Uden-Holman
- GPSG exec meeting
- More conversations with USG and UCS and collaborations - Dr. Fletcher will be speaking at November meeting
- Student Engagement Dinner at Barb's house

## Upcoming

- student activity fee meeting
- reception for new VP/General Counsel James Jorgensen
- student leaders meeting
- UI budget review fall meeting
- meeting with parking and transportation
- university brand meeting - conflicts with class so probably asking Mason for that
- Parade and homecoming activities (last week of October)
