

Hello,

My name is Emily (she/her), I will be a second-year Ph.D. student in the French department during the 2023-2024 school year. I am currently teaching English in France. When I return to campus, I would like to connect with and advocate for my fellow graduate students. Contributing my skills in communication, organization, and coordination seem like the best way for me to achieve that goal. I also develop new strengths as I engage in areas that have long interested me but that I have not been able to fully explore. Namely, I prioritize mental and physical health as well as environmental stewardship (sustainability) in my own life and hope to live these values as a leader in GPSG.
